"LocoMojo is not your ordinary cover band. Our live sets are a special experience. Sure, we include some standard covers in every set, but what makes us special are the obscure songs; the b-sides and deep cuts; songs that are challenging to perform, and are a welcomed change for everyone. We serve up fresh selections, designed to entertain and engage our audiences; wake them up. We celebrate with them, and lift their spirits with something refreshing; something they genuinely appreciate and talk about, long after the final song of the evening."

– Andy St. Angelo (Big Chief - LocoMojo)
